Tutoring Experience

For the past 8 years, I have worked as a Business Management tutor for IB schools, guiding students through complex business concepts and preparing them for Paper 1 and Paper 2 exams. My focus has been on helping students craft effective Internal Assessments and Extended Essays, ensuring they meet the highest standards required by the IB curriculum.

I have also taught Enterprise at the IGCSE level, providing support with key business principles and helping students improve their analytical and writing skills. My experience as a former IB examiner gives me a unique insight into the examination process, allowing me to provide my students with the best resources and strategies to succeed.
