Cherry ★★★★★ Reviews

🎓 **Qualified Teacher | Stanford University | MSc in Computer Science**

My background includes an MSc in Computer Science from Stanford University and a BSc in Information Systems from UC Berkeley. With nine years of experience, I focus on IB and A-Level Computer Science, enabling students to excel in programming and data structures.

Teaches: IB Computer Science   A-Level Computer Science   AP Computer Science

Curriculum: IB   A-Level   AP

Qualifications

Stanford University: MSc in Computer Science (2012-2014)

University of California, Berkeley: BSc in Information Systems (2008-2012)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I have spent the last 9 years guiding students through a range of computer science topics, from basic programming to advanced data structures. Working with students across the IB and A-Level curriculums, I aim to make complex concepts accessible and practical, drawing from real-world applications to enhance learning.

During my career, I've helped students master programming languages like Python and Java, preparing them for exams and higher education pursuits. Many of my students have gone on to study at top universities, equipped with the skills and confidence needed for success in computer science.
