## Tutoring Experience

With 8 years of experience, I've guided students through complex maths concepts, supporting them in both IB and A-Level curriculums. My students come from various backgrounds, and I've helped them improve their performance and gain confidence in their abilities.

I also specialise in preparing students for IGCSE and AP exams, ensuring they grasp the fundamental mathematical concepts required for success. My tailored approach allows students to progress at their own pace, with many achieving top grades and moving on to prestigious universities.
