🎓 **Experienced Tutor | Stanford University | MSc in Applied Mathematics**

I have an MSc in Applied Mathematics from Stanford University and a BSc in Physics from MIT. With 12 years of tutoring experience, I specialise in IB Maths, A-Level Maths, and AP Calculus. I help students from diverse international backgrounds excel in their exams by focusing on mastering essential concepts.

Teaches:

IB Maths

A-Level Maths

IGCSE Maths

GCSE Maths

AP Calculus

Curriculum:

IB

A-Level

GCSE

IGCSE

AP

Qualifications

Stanford University: MSc in Applied Mathematics
(2015–2017)

MIT: BSc in Physics (2010–2014)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I've spent 12 years tutoring students from diverse academic backgrounds, helping them excel in subjects like IB Maths and AP Calculus. My experience ranges from working with students in one-on-one settings to preparing them for their board exams, ensuring a deep understanding of mathematical principles.

In addition to school-level tutoring, I have also assisted university students in tackling more advanced topics like calculus and differential equations. Many of my students have gone on to excel at top universities, reflecting the strong mathematical foundation developed through our sessions.

Throughout my tutoring career, I've helped students in both US and international curriculums, ensuring they are well-prepared for exams such as A-Levels, AP, and IGCSE. My goal has always been to foster an environment where students feel confident in their abilities and enjoy mastering complex mathematical topics.
