Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For the past five years, I've helped students navigate the demands of IB and A-Level Psychology, drawing on my own academic and research background. My approach centers on developing a clear understanding of psychological principles, helping students excel in both their coursework and exams. Many of my students have achieved high marks and entered competitive university programs, with a solid foundation in psychology.
